The **Event Hat** can be partial or fully enclosed including options of **plain or split colours, clear half window or roll up window with terrace rail** to take advantage of the views and let the outside in.

Our New **Event Hat** is the perfect all year-round solution, can be used as a canopy only in the summer months or fully enclosed through the winter to capitalize on seasonal events.

This versatile product is a fusion of our business brands, **GH Awnings** and **The Tipi Company**. Our design engineers have worked together to create this unique product using our traditional Tipi frames and finished in durable PVC fabrics used in our race awnings.
